LS LOWRY

WHO?

Lowry became famous for painting areas in Manchester and Salford as well as other towns and cities across the UK.

He began drawing as a boy and never stopped. These pictures include landscapes and seascapes but many of them are based on what he saw around him on the streets of Manchester.

People love his paintings because they show things that everyone saw, it's like you painting a picture of your journey to school.

WHERE?

LS Lowry was born and raised in Trafford and Manchester; he walked the streets that you see today.

FUN FACT!

- Lowry made thousands of paintings and drawings in his life.
- The paintings in this Gallery are only a small part of what he made.

ANN

LS Lowry, Portrait of Ann, 1957

WHO?

Ann is a bit of a mystery. Although Lowry often spoke about her, his friends never actually met her.

When asked, Lowry described Ann as being 'the daughter of some people who have been very good to me'.

Do you think Ann was an imaginary person? Or do you think she really existed?

WHERE?

Lowry's imagination. Ann is an imaginary character that Lowry created, not only in his head but in his paintings too.

CAN YOU FIND HER?

- Can you try and find the picture of Ann in the Galleries?
- She's wearing a bright red jumper!

JACK THE DOG

WHO?

Jack is a black dog that you can find in lots of LS Lowry paintings. He does lots of different things in the paintings. He sits, walks, stands and watches. We don't know what breed Jack is, what do you think he could be?

WHERE?

Jack the Dog was painted by Lowry in lots of different ways! He might be from Lowry's imagination, or he could have been a dog that Lowry was friends with.
